

UP IN A BALLOON BOYS!

UP IN A BALLOON!!

THE BIG TRADE ANTICIPATED AT

ANDERSON'S BAZAR

More than realized last week, and Monday's sales were the largest ever made by any house in the Green River Country, and now the great preparations made for Fair week promises to exceed that of all former times. For this purpose an ENTIRE NEW STOCK is now being received and NO REGARD TO PRICES is observed in marking it. The trade visiting Hartford this week must be secured at any sacrifice. The chief attraction will be in

Millinery and Ladies Cloaks!

Which will be sold regardless of cost. Novelties in Ladies' Hats, such as have not yet been seen this Fall, will be displayed. None but fashionable goods will be sold in this Department. If you want to see

—Hon. E. Dudley Walker was called on by the Union Sunday school, last Sunday morning, and responded in an impromptu lecture in a most beautiful tribute to the bible. His subject was "A mansion in the skies." His description of the building, its maker or builder, its cost, and its object, was one of the finest we have ever heard. Mr. Walker closed by saying: "If I have done no more, I have showed which side I am on." Mr. Walker, although one of the most able lawyers at our bar, has certainly missed his calling, for we never heard such sentiment and language fall from any ministers tongue. We hope to hear him again in the near future.

—We tender our most profound thanks to Mr. Thos. Gillstrap for a large picture, neat and elegantly framed, of his Exchange Emporium, Cronwell, Ky. Among the throng of visitors at this, the largest dry goods store in Ohio county, you will readily recognize the handsome physique of the proprietor. Again we express our appreciation of this token of remembrance that now ornaments the wall of our sanctum. Girls, remember this fascinating, gallant knight is a little timid, but that leap year is near at hand.

—We don't think at the price and with the comfort of the Dennison Hotel Cincinnati, our readers ought to crowd their relations. This much to correct an impression in a late number.
—Mr. John R. Phipps and Sam Jackson, of color, had a difficulty last Saturday night. Mr. Phipps struck at Jackson with a club, but his club hit an obstruction, the negro, in turn, hit Mr. Phipps with a base ball bat which he had in his hand, breaking his arm. The negro ran and made good his escape. The negro Jackson is from Calhoun, which place he has probably gone.

Obituary.
On Sunday morning, Sept. 24, 1883, Ida Carter, youngest child of Charles and Jane Carter, aged nine months and nine days, was called to her quiet home above.
Ida was a bright little ornament in the family. Her bright face and intelligent look drew the attention of all who knew her. She was a lovely little babe, too pure and too innocent for this world.
Fond parents, it was a hard struggle to give little Ida up, but do not grieve for she is at rest; she will never have the troubles to encounter which you orators, Col. Boyler, in his smooth, independent and fascinating style, entertained the audience in a well-timed speech. The large crowd could hardly for our savior, "Old Cerro Gordo," as he is familiarly known, the soldier of two wars, who responded in a telling speech in his own peculiar style, full of thrilling incidents; followed by Col. Breckenridge, the very mention of whose name carries conviction that whenever he speaks his audience is entertained to the fullest extent, and well did he represent himself on this day. The opening, or speech of welcome, was made by W. T. Ellis, of Owensboro, last mentioned though not least. He captured that immense throng as "Bill Ellis" (he will pardon us for the familiarity) can and always does. To say his speech was entertaining and beautiful is but a tame description. His, and his praises was on every one's tongue. I must be pardoned in saying I was proud of our Ohio county boys, who were as good if not the best looking of the whole crowd. The immense throng dispersed without accident or disturbance, so far as your correspondent knows, with a grand happy goodbye, God-bless-you. E.
The Two Tariff Systems.
The American Register gives in the following explicit manner, the difference between the two parties on the tariff question:
ROYAL BAKING POWDER Absolutely Pure.
This powder never varies. A marvel of purity, strength and wholesomeness. More economical than the ordinary kinds, and cannot be sold in competition with the multitude of low test, short weight, alum or phosphate powders. Sold only in cans. ROYAL BAKING POWDER CO., 100 Wall St., N.Y.

James Porter was born near Baltimore, Md., Sept. 30, 1798, and died on his farm three miles west of Pattieville, Ohio county, Ky., Aug. 30, 1883; aged 84 years and 11 months. In the year 1815 he came to Nelson county Ky. February 5th, 1827, he married Miss Greathouse. Of ten children, five sons and five daughters, six survive him. He has one son living in Ohio county, and two single daughters live on his farm. One of his sons was a member of the Sixth Kentucky Volunteer Infantry, and was killed at the battle of Stone River. Mr. Porter was a man that took but little interest in public affairs, and was seldom seen from home except on business.
Died, at her home near Pattieville, this county, Tuesday, Aug. 3d, 1883, of flux, Eulah, daughter of G. A. and F. E. Weller, aged 7 months and 22 days. The body was interred in the Godsey grave yard in Breckenridge county.

The Re-union.
Knowing that you were not present at the re-union of Dr. Noel's company of Confederate soldiers, who behaved so gallantly, I thought it might not be uninteresting to your readers to give some little outline of the days proceedings, Sept. 29th, in Davies county, on the Hartford and Owensboro road, about eighteen miles from the former place.
The day was pleasant almost beyond description.
The place was a lovely grove, well adapted for the occasion, on a gentle slope. It looked like everybody was there—old men leaning upon their canes, the middle aged and young, of both sexes, all anxious and impatient to see everybody and hear everything. It was a general hand shaking. The assembly brought up many pleasant, as well as sad reminiscences of the past.

Men were brought face to face who had not seen each other for years, and who lived in different counties and states. Tears coursing down many cheeks proclaimed the fullness and joy of the heart. Old scenes, trials, privations and incidents were talked over, and anxious inquiry made of absent ones. The deeds of heroism and kindness of those who sleep their last sleep in known and unknown graves upon the tented battle-field far away were recalled and talked over. It was a pleasing sight even to those who were not active participants to witness the actions of this great throng of soldiers, kindred and friends. There were thousands in attendance, and the fullest sufficiency of edibles for them and many more was prepared, and of a character such as only "Old Kentucky" can prepare on such occasions. Beauty and bravery were there. The survivors of the gallant Noel's command extended the invitation to other confederates, many of whom put in their appearance. A large majority of the soldiers, then boys, men in the meridian or on the western side of life's hill, honorable and brave men performing their life duties in all the avocations of useful lives. We had many interesting speeches from splendid orators. Col. Boyler, in his smooth, independent and fascinating style, entertained the audience in a well-timed speech. The large crowd could hardly for our savior, "Old Cerro Gordo," as he is familiarly known, the soldier of two wars, who responded in a telling speech in his own peculiar style, full of thrilling incidents; followed by Col. Breckenridge, the very mention of whose name carries conviction that whenever he speaks his audience is entertained to the fullest extent, and well did he represent himself on this day. The opening, or speech of welcome, was made by W. T. Ellis, of Owensboro, last mentioned though not least. He captured that immense throng as "Bill Ellis" (he will pardon us for the familiarity) can and always does. To say his speech was entertaining and beautiful is but a tame description. His, and his praises was on every one's tongue. I must be pardoned in saying I was proud of our Ohio county boys, who were as good if not the best looking of the whole crowd. The immense throng dispersed without accident or disturbance, so far as your correspondent knows, with a grand happy goodbye, God-bless-you. E.

Heart Disease

CURED BY
Dr. Rush's Regulator,
FOR HEART TROUBLES

Wm. G. Goodbody, the well known safe
manufacturer of Buffalo, Philadelphia, Pitts-
burgh, Newark and Atlanta, Ga., says:
Office of Goodbody's Improved Safes,
178 Broad Street,
Atlanta, Ga., October 17, 1881.
Dear Doctor:—The three bottles of Dr.
Rush's Regulator I ordered were received
by express last week. I have taken nearly
one bottle and am thoroughly satisfied with
the result. For over two years I have been
troubled with sharp pain at my heart. My
physician, upon examination, found an en-
largement of the heart and was unable to
give me any relief. The trouble grew worse
until I had become convinced that I could
not be cured. While in New York city last
week I called upon one of the most promi-
nent physicians there, who charged me \$25
for an examination and then recommended
your "Regulator." Knowing you to be a
regular Medical Association, and not a patent
medicine scheme, I ordered the three bottles.
I have not been troubled since I commenced
taking it, but shall continue and take the
entire three bottles so as to obtain a perma-
nent cure. You have my sincere thanks.
I am, gentlemen, very respectfully,
Wm. G. Goodbody.

Dr. Rush's Regulator

has never failed to give relief. It has been
used successfully for years in relieving the
most stubborn cases of heart difficulties.
A positive cure for Enlargement, Palpita-
tion, Fluttering and Fatty Degeneration of
the heart. Price \$1 per bottle; \$3 for 3,
sent by druggists or sent direct by Dr. Rush's

Beaver Dam Notes.

Editor Herald.
No wheat ground broken yet. The
crop will be late sown and small acre-
age.
Most farmers are done cutting tobacco,
which is small and light.
The demand for home dist is large
and increasing, but the supply is ex-
hausted, and farmers will be disappointed
in getting a supply for wheat.

Mr. Smith represents the "Common
Sense Fertilizer Company," of
Louisville, was here a few days ago en-
deavoring to introduce the common
sense fertilizer. It would be well for
some of the farmers to give it a trial
and test its efficiency. Any one wish-
ing to order can do so through Baker &
Co., Beaver Dam.

Some changes in the business firms
have been made at this place. R. H.
Austin, formerly of Stringtown, has
taken charge of the blind smith shop at
this place, and will do a general smith-
ing business. W. A. Austin, the for-
mer smith here, has taken an interest in
the general grocery, hardware and
furniture store of F. O. Austin, and the
same will be enlarged and run under
the firm name of F. O. Austin & Co.
Tommy Stevens, who sold out his
livery stable to L. P. Batard and O. H.
Stevens, Messrs. W. H. Miranda and
William Jones, formerly of Indiana but
recently of this place, have returned to
the Hoosier State.

J. M. Peters has completed a neat
little residence on a lot purchased of L.
P. Batard.

William Mercer, Sr., recently return-
ed from a visit to England, the home
of his youth, and from which he had
been absent 20 years. He went to visit
a sick brother, who, many years ago,
went to Australia, and who had been
supposed to be dead until recently.
Mr. Mercer reports that many changes
have been made in the old country
since he left, nearly a third of a cen-
tury ago, and many grand improve-
ments are to be seen.

Mr. R. B. Stevens, son of our neigh-
bor, R. H. Stevens, is now here on a
visit to parents and friends. He went
to Texas nearly four years ago, and
unlike many of our boys went through
the home school a common to such
changes, and he became a permanent
citizen of the Lone Star State. His
visit will be of but short duration, after
which he will return to his home in
the town of Mineral Mills, of which
place he is City Marshal, Assessor and
Tax Collector. He has many friends
and relatives here extend him a hearty
welcome.

Our enterprising neighbor, H. Taylor,
shipped a car load of fat cattle from
this place to Louisville a few days ago.
Mr. Henry Whaling, of Butler coun-
ty, shipped a fine car load of cattle from
here on Saturday last.

Messrs. Potter & Condict are having
a fine lot of lumber hauled to the rail-
road here for shipment to Louisville. It
looks like business to see the long line
of wagons coming in so early with
their heavy loads of lumber.

Messrs. Chick, Austin & Simpson are
hauling an immense quantity of coal
to Hartford from the Amarda Austin
Mines run by W. R. Stewart. It is a
very superior coal, and Mr. Stewart is
doing a big business.

Mr. John P. Berger is now engaged
in sawing a large lot of white oak lum-
ber to fill a contract with the railroad
company.

Several of our citizens have just re-
turned from a visit to the big X at
Louisville. They report a big time and
a world of people.

Two little sons and a daughter of our
neighbor, Don J. Rhoads, are right sick
with malarial fever. Dr. J. J. Mitchell
attending.

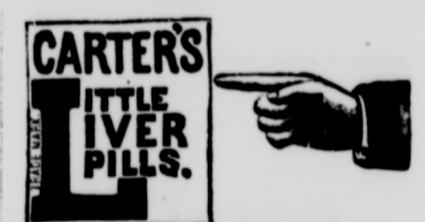

Several of our citizens went out yester-
day to Slaty Creek where Dr. J. S.
Coleman preached the funeral of Uncle
Stephen S. Taylor, deceased. An im-
mense audience was gathered, and Dr.
Coleman preached a strong, impressive
sermon. His effort was magnified in
holding spell-bound the large audience,
filling to its utmost capacity the very
large church house.

To the Memory of William H. Hoke.

It was with regret that we saw the
notice of the death of Wm. Hoke,
which took place the 21st of Septem-
ber, 1881, in Louisville, at the residence
of his sister, Mrs. Sam Cleaver.

Willie Hoke, as he is familiarly
known in Hartford, spent a great por-
tion of his boyhood at his grand-moth-
er's, Mrs. Mary Peyton. With an
intimate association with the family
during the time his character was being
formed, enabled us to know better than
any one else of his good and noble
qualities. He was generous to a fault,
firm and unchanging in his friendship,
and life long in his attachments. Up
right in his every motive, reliable in all
things and true to his promises. For
the last few years he attended school
at Annapolis, Md., and acquitted him-
self with the highest honors. Then
hard it seems that one so promising
should be taken away. Hard indeed
the blow must be to his mother whose
centralized hopes were in her noble and
idolized boy, the staff she expected to
recline on in later years. The relatives
have our tenderest sympathy. It is a
joy unspeakable to know that those we
mourn are dead have only passed to a
higher life, and we in confidence are
enabled to say:

"There is no death. An angel form—
Wakes on thine earth with silent form,
He has our best love, it sends away,
And then we call them dead."

In ancient days when Caesar's fame
Was spread abroad in every home,
With pomp and pride he did proclaim
That the roads all pointed to Rome;
And we, with cheek, would boldly say
As much as Caesar said, or more,
That all the roads of the present day
Point to the mammoth Exchange

Obituary.

On Sunday morning, Sept. 24, 1883, Ida Carter, youngest child of Charles and Jane Carter, aged nine months and nine days, was called to her quiet home above.

Ida was a bright little ornament in the family. Her bright face and intelligent look drew the attention of all who knew her. She was a lovely little babe, too pure and too innocent for this world.

Fond parents, it was a hard struggle to give little Ida up, but do not grieve

Men were brought face to face who had not seen each other for years, and who lived in different counties and states. Tears coursing down mainly cheeks proclaimed the fullness and joy of the heart. Old scenes, trials, privations and incidents were taken over, and anxious inquiry made of absent ones. Those who sleep their last sleep in known and unknown graves upon the tented battle-field far away were recalled and talked over. It was a pleasing sight even to those who were not active participants to witness the actions of this great throng of soldiers, kindred and friends. There were thousands in attendance, and the fullest sufficiency of edibles for them and many more was prepared, and of a character such as only "Old Kentucky" can prepare on such occasions. Beauty and bravery were there. The survivors of the gallant Noel's command extended the invitation to other confederates, many of whom put in their appearance. A large majority of the soldiers, then boys, men in the meridian or on the western side of life's hill, honorable and brave men performing their lives duties in all the conventional of useful lives.
